The screenshot displays a Windows desktop environment. In the foreground, a WinRAR window is open, showing a list of files extracted from a RAR archive. The files include various key files (KEY File) and an application (Patch.exe). Overlaid on the WinRAR window is a window titled "Mikroc Universal Patcher V1.1". This window contains a list of instructions:

- 1-Install Program & Close Running App.
- 2-Copy Patch to installation folder.
- 3-Run This Patch & Press patch button.
- 4-Wait For a Few Minutes (Patching Process).
- 5-And Thanks For Using Our Patch

Below the instructions are buttons for "ABOUT" and "PATCH". The desktop background is dark with various icons. A Windows Security notification is visible in the bottom right corner, stating "Potentially harmful software detected" and "Click to review and take action". The taskbar at the bottom shows the Start button, search bar, and several application icons. The system tray in the bottom right corner shows the time as 8:24 AM on 8/28/2016.
